

## JIM, EVELYN & CHRISTINE WEISSMANN - Callicoon Center, NY

Located in the heart of the Catskill Mountains, Sullivan County, NY, Jim is the fifth generation to operate the dairy. It consists of 200 acres and they milk 44 holsteins (started in 1860).

Jim & Evelyn decided to try Purina Dairy Rations after a trip with other dairymen from NY and PA to the Purina Research Farms in Gray Summit, MO, in the fall of 1992.

They feed a split cart program of Purina Hi-E Milking Concentrate B-35 UIP and cracked corn. They are fed according to production as calculated by Purina DM Bob Kieselowsky and agent Eddie Moran.

The Weissmann's feed 25 lbs./head of corn silage and 8-12 lbs. of mixed hay.

Jim comments, "Since switching to Purina our butterfat has moved up from 2.8% to 3.6% and our cows have averaged 65 lbs./cow for the past 9 months. Cow condition is much better and we have had less milk fever and ketosis problems".

"We like the availability of Dr. Don Deetz, Purina's Dairy Consultant, who works well with our veterinarians - Dr. Joe Nebzydowski, Youngsville, NY, and Evelyn Crish, Hawley, PA."

The Weissmann's feed a day cow program of Purina D&H complete 16% and Easy Care Blocks with grass hay.

**We thank Jim, Evelyn & Christine for sharing their story and wish much success in the future.**
