CUSTOMIN™, CUSTOM BULK MINERALS IN PELLETS

Now Agway makes it possible for any farm to buy custom minerals in bulk. And get them delivered for less cost, less labor, and without the hassles of bags and bag disposal.

Because for the first time ever, pelleted custom mineral mixes are available in bulk.

Through a process introduced by Agway, we are now able to process minerals with grain products, to produce pellets that can be delivered to more farms, smaller-size farms—custom-made and formulated for optimal uniformity. With CUSTOMIN™ Bulk

Mineral Pellets, delivery, handling and storage are a whole lot easier. CUSTOMIN Bulk Minerals are dust-free, and a lot more cost-effective. They don't cost any more than

what you currently pay for minerals. And if you haven't been able to order customized minerals because of quantity requirements, lead time or cost considerations, now you

can. CUSTOMIN is only available from Agway. Don't get left holding the bag. Call

your local Agway Feed Specialist today.
