

THE CROP IS YOUR \$ CASH \$

Everything you work for
— tilling ground, planting seed,
spraying or cultivating —
depends upon Harvesting your
CROP and getting it sold!

NOTHING HARVESTS CROPS LIKE A Axial-Flow Combine! HERE'S 4 REASONS WHY!

- Get in the field earlier - and stay later - because the Axial Flow Combine's specialty rotor separates grain from wet, damp material better than the competition. You get more done in less days than with a conventional combine.

- Grain from an Axial Flow combine is worth more, because it is damaged less and the sample is cleaner than from a conventional combine. (Food Corn growers PREFER Axial Flow for this reason.)

MAINTENANCE

- The single rotor design eliminates the straw walker assembly and all the problems that go with all those bearings and vibration. All of the threshing and separating system parts are easy to get to, making maintenance a simple routine.

**HOOBER
SERVICE**

- Don Carper and his (6) combine technicians work on combines 12 months of the year. They have started over 250 Axial Flow combines in all kinds of crops and conditions. Their knowledge and concern for your problems keep you running when you want to run.

CAN YOU AFFORD NOT TO OWN AN AXIAL-FLOW FROM HOOBER?
