185

NO SPREADER BUILT BETTER

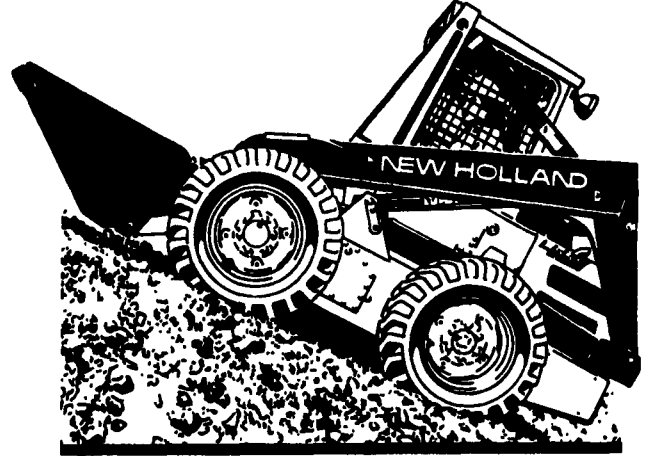

- The New Holland Model 185 is built to last.
- Strong, corrosion-resistant steel sides.
 - High-density polyethylene (HDPE) floor.
 - Lifetime Bonded Protection warranty.

This 287-bushel spreader features oscillating tandem wheels that allow faster ground speeds with less ground compaction. Get fast, smooth unloading at two spreading rates with the standard worm gear drive.

Stop in and see why this is the best-selling spreader in its class.

L-555

SMOOTH PRODUCTIVITY

A New Holland skid-steer loader gets more work done on steep slopes. The low center of gravity and long wheelbase make for a smoother ride, so you can run up a slope empty and come down with a full bucket. And the bucket stays full because there's less bouncing. Don't try that with an ordinary skid-steer loader!

Stop in and find out just how good a skid-steer loader can be.
