TMR Ruffage Master

These new Oswalt® four auger Model 200/250 mixers are designed to process and mix all feeds, including baled hay, into a fully-blended TMR...better than anyone!

The aggressive, notched, 20"-diameter, full-pitch, four auger mixing pattern, dual shear shelf design and exclusive, self-lubricating Tuff-Glide® liners help feed materials flow more freely, reducing horsepower requirements and virtually eliminating material hang-ups and dead spots.
