Specialist In Quality Planting Equipment
YOU ASKED FOR IT...
"We really need a six-row planter with a narrow transport width here in the East!"
WE LISTENED...
"Safe transportation of wide equipment on narrow roadways is increasingly difficult!"
KINZE RESPONDED!!

KINZE MFG. is pleased to announce the MODEL 2500 corn and bean planter. This unit was specifically designed at the request of farmers in Pennsylvania & New York. We've proven our excellence in the field, now we've made getting there and back safer and easier.

NEW AT BINKLEY & HURST BROS.
FROM SUNFLOWER:

MODEL **4010/4110**
SUNFLOWER
COULTER RIPPER

Conservation
Tillage
Equipment
Built
SUNFLOWER
Tough!

Sunflower's Coulters Ripper is for today's conservation minded farmer demanding deep tillage with minimal residue disturbance. These durable machines feature adjustable front mounted coulters on 7 1/2" centers. The coulters blades have an added advantage of slicing hard ground to keep clod size to a minimum. The V-bar ripper design gives added trash clearance and pulls smoother than straight-bar rippers. These coulters rippers are built Sunflower tough and no ballast is added to the frame increasing the structural strength. Check out Sunflower's latest edition to its growing family of quality tillage equipment at a farm show or dealer near you.

Adjustable Coulters Gangs: The 4010/4110 both feature adjustable coulters gangs that can be raised completely in clean ground. Ratchet Jack Adjustment is standard equipment. Optional Hydraulic Gang Adjustment makes on the go changes or raising the coulters completely out of the way an easy task from the tractor seat.

Also...3 Pt. Hitch Subsoiler Rippers For Hard Pan Deep-Till. SEE **BINKLEY & HURST NOW!**
