THINK BIG!

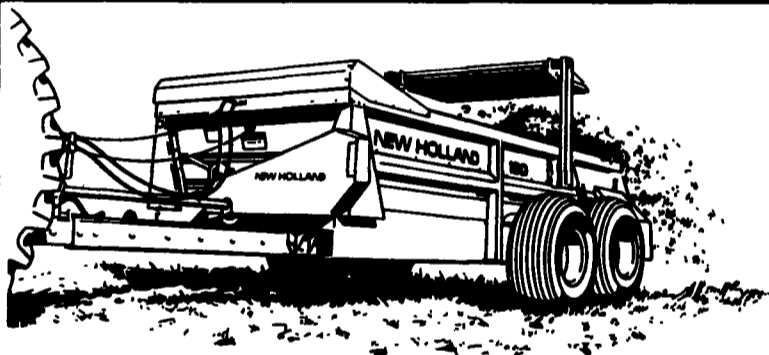

**LOAD...UNLOAD
FASTER AND EASIER**

When you're working the big loads you need the Super Boom advantage—extra reach. With more forward dump reach you can center load your largest spreader from one side so you get an even load. The result: faster loading, fuller loads and easier unloading. With level bucket lift you load more and lift higher... with less spillback. And, with a longer wheelbase there's more stability and safety. Find out how good a skid-steer loader can be. Stop In And See The New Model 785
