BARN CLEANERS

Built to clean faster... built to last longer!

Butler

All-forged Hook-Link® chain... available on Super 300 and Super 500 barn cleaners
Extra thick steel at all wear points

JAMESWAY

IMPORTANT: Look to the "parting line" on any barn cleaner chain you buy. It is where excess metal has been trimmed off. It is your assurance that the link was totally forged. It is just punched out of a flat steel bar with grain flow in one direction only. You want a totally forged link because forging changes the grain on the steel, causing it to curve in unbroken flow lines around the contours of the link, giving the link greater strength and life you longer.
