## NEW!

### Dual Chime Movement!! NEW

#QDC/MVT DUAL CHIME MOVEMENT chimes either Westminster or Whittington on each quarter—just slide the switch to change melodies! This movement if full 4/4; that is, it will chime each quarter,

and then after chimes on the full hour, it will strike the time! Sounds exactly the same as our #QX & #PX series, but does not need programming! This is the same movement we use in our NEW QDC series Mantle Clocks. The speaker is removable from the movement, ready for you to mount in any position. (About an 8" speaker wire.) Or if you wish, leave the speaker mounted on the movement!

Compact size is 4 1/2" x 3 1/4" x 1 1/2" deep. Operates on one 'C' battery, has volume control, chime selector, automatic night time shut off (if desired), manual silence! Comes in long or regular shaft. Available with or without pendulum; for wall clock or mantle clock use. We are VERY well pleased with this movement! It has all the features of the previous single chime movements, but in addition, is self adjusting, plays EITHER chime, MUCH simpler to operate! Made by Seiko. Complete with hardware, hands, and complete instructions. Comes with the usual 5 YEAR WARRANTY!
