

Models 510S, 515E, 520, 520H, 525 & 530T Bunk Feeders

Here's a better way to feed your herd! With the Pequea portable bunk feeder, you'll save time — save money. Load it up with silage, haylage, round or square bales or any mixture of grain and forage. Tow it into the field, and feed up to 52 head of cattle at once.

With Pequea's efficient slant-bar system cows can't push each other away from feeding spaces, so you have less feed loss from spills. Convenient low tank height accomodates any size cow.

You can save wear and tear on your pasture and they eliminate heavily trampled spots. Just move it to a new location each day.

The New 520H cattle head gate bunk feeder (below) is the modern answer for holding cattle during breeding, veterinarian, or testing purposes.

High-capacity features in a practical size!

Manufactured for the smaller-scale farmer or horse farmer, the Pequea Model 85 & 110 manure spreaders are built to make a dirty job easier. Constructed of 10 gauge Cor-Ten steel to resist corrosion, the Model 85 & 110 feature Quik-Tach T-bar web chains for ease of maintenance. High-strength steel frame is designed for big loads and fast field travel. Tough, alloy-steel beater and paddles rip through manure for fine, even spread patterns. Ground-drive action minimizes HP requirements. A hydraulic end-gate is available as optional equipment. Both Model 85 bushel & 110 bushel capacity deliver big spreader features in an economical, maintenance-free size.
