Delmarva **Broiler/Fryer Market**

Wednesday, December 1, 1993 Movement of ready-to-cook whole birds was light to fair at most plants, and somewhat typical of mid-week activity. Offerings varied by seller, but were fully adequate overall. Live supplies were moderate; weights were mixed in a full range of light to heavy. Processing schedules were very heavy. Less than trucklot asking prices were ***1 cent higher at 51*** to 63 cents. Trade sentiment was mostly steady. In the parts complex, breast items were adequate to closely cleared. Legs and leg quarters were generally no more than adequate. Wings were in fairly good balance.

Eastern PA & **NJ Poultry Report**

Atlanta, Ga.

Tuesday, November 30, 1993 Prices continue to hold at unchanged levels on light type fowl with sales too few to report on heavy hens. Leghorns are short to about adequate for this week's kill but availability has increased and is at least sufficient to cover next week's requirements. Offerings of heavy hens are limited for an improved and fairly active demand.
