OSWALT
 Mixers by J-STAR

TMR Ruffage Master

These new Oswalt® four auger Model 200/250 mixers are designed
 to process and mix all feeds, including baled hay, into a fully-blended
 TMR...better than anyone!

The aggressive, notched, 20"-diameter, full-pitch, four auger mixing
 pattern, dual shear shelf design and exclusive, self-lubricating Tuff-Glide®
 liners help feed materials flow more freely, reducing horsepower
 requirements and virtually eliminating material hang-ups and dead spots.
