NO-TILL SOLUTIONS.

PEOPLE·PRODUCT·PERFORMANCE

move only surface residue without moving the soil

The Yetter Residue Manager removes only the residue without digging into the soil. Its adjustable 13" steel wheels with 16 fingers easily push heavy residue away from in front of the planter. This results in a more uniform planting depth and improved seed trench closing for better emergence and quicker stands

Make compliance profitable. See a Yetter dealer today, your single source for conservation tillage equipment.
