Perfecta II

This May Be
 Just The Machine
 You Are
 Looking For!
 Available In
 Sizes From 4'
 Up To 28'

Economical investment. The Perfecta II is an affordable choice that keeps paying dividends. Maintenance is minimal and the Perfecta II handles trash and rocks like no other tool can, so costly downtime is virtually eliminated. Initial investment is one-third that of a comparable sized disk.

RHINO

**Shred Corn Stalks or Cut Grass And Brush
 With A Well Built Rhino Cutter from
 Binkley & Hurst Now!**

TW96

Medium-Duty Cutter with
 Heavy-Duty Features!

The SE 5, 6 & 6...

Servis-Rhino's SE family of economical single-spindle rotary mowers are rated for material up to 1" in diameter and are ideal for weed or grass mowing, pasture clipping, and cleaning up overgrown areas around the farm.

96" Cut; 120 HP Center Gearbox; 90 HP Outboard Gearboxes; Pan Blade Carriers; Updraft Blades; Cat. 4 Driveline; Slip Clutch Protection; Lift or Pull-Type; 540 or 1000 RPM; Replaceable Skid Shoes; Rated for 2" Diameter Material; Safety Deflectors Standard.

Available in widths of 5', 6', and 7'. SE mowers are designed for 540 RPM tractors with a standard CAT I three-point or CAT II hitch for the SE7. The flexible three-point hitch design allows the mower to follow the contour of the ground while minimizing the stress placed on the tractor. Standard features include free-swinging updraft blades for a cleaner cut, pan blade carriers that help the unit glide over obstructions, and a streamlined deck provides for easier clean up and enhanced eye appeal. The rear tapered deck design provides for safer and more even distribution of cut material. A Cat 3 driveline is standard on the SE5. The SE6 and SE7 feature a dependable Cat 4 driveline to help withstand the horsepower of larger tractors. Ruggedly built and time-tested gearboxes are at the heart of every SE mower from Servis-Rhino to help provide quality at an economical price.
