**EBY ALUMINUM FLATBEDS:
WE MAKE HARD WORK LOOK GOOD**

On the farm or in the city, Eby aluminum flatbed bodies are built for your toughest hauling jobs. Their all-welded construction features 3" aluminum I-beam crossmembers (4" I-beams on bodies 16' and longer) on 12" centers, heavy side rub rail and aluminum diamond floor plate. A full list of options includes slated or solid aluminum sides, tool boxes and tire carrier.

Eby aluminum construction is up to 40% lighter than steel, so you get more payload capacity. The corrosion-resistant aluminum never needs painting and requires minimum maintenance but gives you maximum resale value. That's a winning combination to complement any truck.

In standard lengths to 32 feet and 5 widths from 78 to 102 inches, there's an Eby aluminum flatbed that's matched to your requirements. With Eby value and quality, hard work can look good.
