

The Lord's, The Bank's And Ours

(Continued from Page B2)

on a Donegal farm, and a complex built for 750,000 layers on their Middletown farm.

They plant 400 acres of potatoes and grow feed for their dairy, beef, and replacement heifers.

Many businesses, as they grow bigger, see family members phase out of putting in long hours with the farmwork and book work, but not the Kreiders. Noah Jr. said, "We saved everywhere we could. Our wives and children put long hours in the business."

Noah Jr. and his wife Marian have three children, Sharon, Ronald, and Jim. Richard and his wife Pauline have three, Pat, Sandra, and Debbie, (a son Richard died in a traffic accident this past year).

Richard, Noah Jr. and his sons, Ron and Jim, head the operation.

"The sons are taking more of a lead role and we are sort of phasing out," said Noah Jr. of his and Richard's part in the business.

Ron is married to Hollee and Jim to Marilyn. In addition to family members, the Kreiders said, "We owe a lot to our employees. One of our employees has been with us for 43 years."

Richard's son-in-law Dave Johnson manages the restaurant and Richard Shellenberger, employed since 1972 oversees the four stores, milk plant, and restaurants.

Of the Kreiders' agriculture endeavors that include 3,000 acres, Noah Jr. said, "We don't take credit for this ourselves. We always say that this is the Lord's, the bank's, and ours."

Noah Kreider Jr. stands in front of the first Kreider Dairy Farms Restaurant where a glass of milk is served free with meals.

**NEW LIFE
FOR YOUR OLD
BARN CLEANER**
... with BERG
chute and chain
replacements

Getting all the extra working years you deserve from your old barn cleaner is a good way to save money! If your chute is worn, we'll replace it with a Berg, standard side-by-side or split-chute with rugged, box-beam construction or a Berg custom-built chute to fit your specific make of barn cleaner. All chutes are made of long-lasting, 10-gauge, copper-bearing steel. And, if you need a new gutter chain, you can't beat Berg's extra-strong, forged-alloy, hook-link chain with choice of flites to handle any manure.

Call us today for all the money-saving details!

Why Are Massey Ferguson Tractors The World's Best Selling?

When building a 2WD tractor, there's little reason to conserve weight. In fact, you may well end up adding weight for traction.

With 4WD tractors, you really don't need, or even want so much weight. It just makes the tractor less maneuverable, hurts performance, lowers efficiency and increases soil compaction.

MF 300 Series 4WD tractors are engineered with just the right weight balance and strength for optimum 4WD performance. This means easy handling with all the performance of bigger, more expensive tractors.

Smart engineering is just one of the many reasons why, over the last 28 years, more people have selected Massey Ferguson tractors than any other brand. Check out all the reasons today at your MF dealer.

**Designed from
the beginning
for 4WD
performance.**

Standard hydrostatic steering
for fast, easy turns and
precise handling.

Low-rate MF financing
for qualified buyers makes
ownership easy.

Hydrolock front-wheel differential
engages automatically with rear
differential lock.

50° turning angle means less
"jockeying" in tight quarters,
and shorter headlands.

Wheels don't lean on full lock,
reducing soil damage and tire wear.
