

JANUARY 3-9 1994

THIS WEEK WITH

TWELFTH NIGHT, JAN. 5.

**A MIXED BLESSING**

Eighty years ago, workers at Henry Ford's Detroit car factory earned \$2.34 for a 9-hour day. On January 5, 1914, plant officials announced Ford's amazing plan to pay \$5 a day for an 8-hour shift! This involved switching from two 9-hour to three 8-hour shifts and adding a \$2.66 "profit sharing" bonus for all male employees age 22 or older, employed for at least six months, and who were "clean, sober, and industrious." To certify the last requirement, Ford created the "Sociological Department," whose job was to visit homes, interview wives and neighbors, and ask personal questions that wouldn't be tolerated today. But in those days, \$5 a day was a lot of money!

**TIP OF THE WEEK**

Get almost twice as much juice from a lemon by submerging it in hot water for 15 minutes before squeezing.

**EARWISE**

More than one-third of the petroleum used in the U.S. powers cars and light trucks. Whatever your current vehicle, you can help reduce that consumption. Keep your car tuned up and filters clean. Keep tires inflated to proper pressure. (Radials are most fuel-efficient.) You can lose 2% in fuel economy for every pound below recommended pressure. Drive at a steady pace: don't accelerate and then slam on the brakes — it wastes gas!

**PINEAPPLE BETTY**

- 1/2 cup light brown sugar
- 1 teaspoon grated lemon rind
- 1 1/2 teaspoons cinnamon
- 15 graham crackers, crumbled
- 3 cups diced canned pineapple
- 4 tablespoons butter

Combine sugar, rind, and cinnamon. Spread one third of the crackers in a greased 1-quart casserole; add half the pineapple. Top with half the sugar mixture. Add another layer of crackers, then remaining pineapple. Combine remaining cracker crumbs and sugar mixture; sprinkle over pineapple. Dot with butter. Bake at 400° F until the top is brown and crusty.

Makes 4 to 6 servings.
