

FFA To Present Keystone Degrees To 204

(Continued from Page E25)

dent. The three-year Kutztown FFA member has also served on various committees, including citrus sale, pumpkin judging, Adopt-A-Highway, and Food For America. Supervised Ag Experience (SAE) projects include Corriedale sheep herd, capon poultry project, swine finishing, and work experience on a dairy farm. He has participated in various contests, including meat and livestock judging. Michael has received the Greenhand and Chapter degrees and the Star Chapter Award, in addition to the proficiency award in sheep breeding.

Julie Burket

Future plans for Julie Burket, three-year Williamsburg FFA member, include working for a year and then college. Julie, 17, daughter of Daniel and Debbie Burket, Williamsburg, Blair County, has served as chapter chaplain. She has participated on various committees, including the banquet and Food For America program. Julie attended the state summer convention and participated in the county Envirothon. SAE included off-farm work experience. She has received the Greenhand and Chapter degrees and the Star Agribusiness Award.

Jason Paul Brooks

"United States Coast Guard" is indicated as the future plans for four-year Twin Valley FFA member Jason Paul Brooks. Jason, 17, son of Paul and Barbara Brooks, Honey Brook, Chester County, has served as chapter adviser and treasurer. Jason was chairman of the citrus sale committee, served as chair of the Tel-Hai Pet Therapy committee, and participated in the Food For America and other programs. He has received the Greenhand, Chapter, and County degrees, and was awarded a home improvement proficiency award. He received a first and third place in the county project book contest.

Daren Brubaker

To become a successful ag engineer is the plan for three-year Williamsburg FFA member Daren Brubaker, 17, son of Robert Brubaker, Williamsburg, Blair County. Daren has served as chapter vice president and worked on the Food For America program. SAE

included on-farm work. He served on the recreation committee and participated in the FFA Summer Convention, the FFA Eastern National Exposition, and Blair County Envirothon. Daren has received the Greenhand and Chapter degrees and was awarded first place in the state tractor driving competition and in the Eastern National States tractor operation and driving contest. In addition, Daren received the FFA Honor Roll Award.

Tony Camaroto

Tony Camaroto said he wants to attend Williamsport Technical College and then work for the family business. Tony, 17, son of Fran and Susan Camaroto, Williamsburg, Blair County, has served as chapter reporter. The three-year Williamsburg FFA member has served on various committees, including Food For America, BOAC, and public relations. SAE includes off-farm work experience. Tony has also participated in the FFA summer state convention and the Blair County Envirothon. He has received the Greenhand and Chapter degrees.

Garrett E. Campbell

Plans for Garrett E. Campbell, four-year Upper Dauphin FFA member, include work as a truck driver/dairy farmer. Garrett, 17, son of Earl G. and Tamie D. Campbell, Lykens, Dauphin County, has served as chapter secretary, sentinel, and president. He has experience on ag-related projects, including market lambs and dairy cows, and other on-farm work. He participated in the annual citrus sale and has received the Star Greenhand Award and the CDP Area Degree.

Jody Rae Campbell

Jody Rae Campbell plans to attend Penn State University and major in poultry science. The four-year Fort Cherry FFA member has served as chapter treasurer and president. The parents of Jody, 17, are James O. and Donna Lee Campbell, Bulger, Washington

FARM DIGESTANT PROGRAM

FEATURING

BIO-DIGESTER 3

A New Product For Digestion In Waste Pits

BIO-DIGESTER 3 is a new generation blend of aerobic and anaerobic bacteria cultures and stabilized free enzymes to aid in the digestion and elimination of solid accumulations, and to remove the source of foul odors in waste storage systems. BIO-DIGESTER 3 is a non-toxic and environmentally safe digestant that utilizes mother nature's own cleaning agents to eliminate the build-up of solids and the organisms that cause foul odors from waste systems and their associated plumbing. BIO-DIGESTER 3 contains no harsh solvents, no corrosive or dangerous chemicals and will not harm people, animals, clothing or materials commonly used in construction of waste systems. The bacteria cultures and enzymes in BIO-DIGESTER 3 are activated by dilution with water and work synergistically to break down and liquefy solids.

Just follow the simple procedure: - Determine the capacity of your pit - Check the pH of your pit
- Provide air for bacterial growth - Proper mixing of BIO-DIGESTER 3

The best manure management program on the market today!

**100%
Guaranteed**

Schedule a FREE appointment which includes:

- FREE testing of manure tank/pit-pH level
- FREE initial start-up kit
- FREE consultations 24 hrs/day-7 day/week
- FREE continuous assistance

A specifically designed program which will eliminate your worst manure problem!

Call today and let the BIO-DIGESTER 3 work for you!
