

FFA To Present Keystone Degrees To 204

(Continued from Page F6)

Heidi E. Harpster

Three-year Tyrone Area FFA member Heidi Harpster has served as chapter student adviser. Heidi, 18, daughter of R. Wayne and Marge Harpster, Spruce Creek, Huntingdon County, has received various awards, including the chapter Blue and Gold FFA Award, the chapter Star Agribusiness Award, and the chapter scholarship award. She received a silver award in the national FFA ag sales contest, a second in the state ag sales contest, and a third place in a commodity marketing project. Heidi indicated she also participated in the FFA international ag studies with rotary

exchange to Australia. She wants to attend college to study interior design.

Marci Harnish

Marci Harnish said she plans to "attend Penn State University (York Campus) for two years and the main campus for two years and major in agribusiness." Marci, 18, daughter of Bob and Marti Harnish, Manheim, Lancaster County, has served as Manheim

FFA chaplain and secretary, and chapter and county FFA president. She chaired the community services committee for two years and also chaired the leadership committee. She attended the Made For Excellence Conference, the Pennsylvania Council of Co-Ops (PCC), the State Legislative Leadership Conference, the Washington Conference program, and the National Institute On Co-Op Education. She has worked on a swine finishing project for four years. Also, Marci has obtained her Greenhand, Chapter Farmer, and Red Rose degrees, and has garnered several awards, including the PCC Female Leadership, Scholarship, and Leadership awards.

Damon Hassinger

Plans for Damon Hassinger, three-year Middleburg FFA member, include attending college and majoring in land surveying. Damon, 17, son of Dennis and Vicki Hassinger, Middleburg, Snyder County, has served as co-chairman of the recreation committee and chairman of the conduct of meetings. He has served as chapter parliamentarian and sentinel, and SUN Area parliamentarian. He has also participated in BOAC. Damon has received the Greenhand, Chapter, and SUN Area degrees.

Rachel Hawbaker

In the future, said four-year Chambersburg FFA member Rachel Hawbaker, she would like to "raise more Brown Swine and perhaps get into showing Brown

Farmers in the Know, Know Jamesway...

The Silo Unloader Experts

Your Jamesway® Dealer is a silo unloader expert. He carries a complete line of Jamesway unloaders and has the specialized training and parts to keep them working for years to come. He's also a feedroom and feeding equipment expert who knows your silo unloaders are an important part of your feeding system.

It's no wonder there are more Jamesway unloaders working on North American dairy farms than any other brand. So if you're looking to replace your old unloader, check with an expert—your Jamesway Dealer.

■ **Volumaxx® High-Capacity Big Ring Silo Unloader**
Backed by over 40 years of unloader technology and our three year C.A.P (Customer Assurance Protection) warranty this durable brute offers unmatched performance, distribution choices, and ring-drive convenience.

■ **Pacmaster™ . . . Jamesway Quality in a Pack Drive Unloader**

This economical "workhorse" sets the standard no other pack drive can match. Stronger, with greater capacity, the Pacmaster will give you years of efficient, trouble-free service.

■ **Big Jim® B.U.C.S. Breathes New Life into Bottom Unloading Structures**
If you've had it with the high maintenance costs, slow delivery and low capacity of your bottom unloader, than Big Jim B.U.C.S. (Bottom Unloader Conversion System) is for you. Get big volume unloading, reliability, lower maintenance costs, greater silo capacity, and excellent quality haylage.

The Original & The Largest

POURED SOLID CONCRETE STORAGE SYSTEM SPECIALISTS

START WITH THE BEST!

POURED CONCRETE WALLS

You get about 40% more concrete for your dollar with a poured, solid concrete basement as compared to a hollow core block basement

A poured solid concrete basement weighs about 50 lbs more per cubic foot! Far denser. What's more, poured solid concrete walls are monolithic... there are no joints!

This is why laboratory tests show poured, solid concrete basements have many times the flexural and compressive strength to withstand the side and down pressures caused by earth, wind, water and building loads and the material density to resist water penetration.

Best of all, thanks to modern and efficient construction techniques, poured, solid concrete basements are competitively priced

Solid Concrete For:

- Manure Pit Walls
- Hog House Walls
- Barnyard Walls
- Chicken House Walls
- Retaining Walls
- House Foundation Walls
- Silage Pit Walls
- Cistern Walls
- Concrete Decks
- Concrete Pit Tops
