The "Quality Crafted" Line

Better Seedbeds...Better Stands!

3 PT. BASKET HARROWS 12 Ft., 15 Ft., 18 Ft.

Brillion has designed a 3 pt. S-Tine field cultivator with a larger, aggressively angled 12" diameter rolling basket, a 4-bar frame that allows for either 4" or 6" tooth spacing and an adjustable coil tine leveler bar. Gauge wheels are optional.

3-SHANK DEEP TILLS

The three shank model, shown above, has a Category II hitch. With a cutting width of 7'6", it is ideal for operators with smaller acreages and horsepower. It is extremely maneuverable, yet provides the same basic deep tilling job as its "big brothers." Available with coulters.

5 & 7 SHANK DEEP TILLS

The 7 shank model shown here, as well as the 5 shank model, has a Category III hitch. This model is equipped with single individual trash cutting coulters and cuts a 17'6" width. It uses manual gauge wheels.

SOIL BUILDERS

SOIL BUILDERS. Coulters can be hydraulically controlled to save maintenance dollars. 5, 7, 9, 11 & 13 shank. Available in 2 & 3 bar.

HFC FIELD CULTIVATORS 16 1/2' to 31 1/2'

'C' Tooth -
4 Year Warranty

S-Tine -
3 Yr. Warranty

The "heart" of any field cultivator is the shank pivot point. A "bulked up" shank bracket made of cast ductile iron instead of the usual formed steel bracket, incorporated a hardened steel bushing AND a zerk grease fitting to lubricate the pivot point to reduce wear. The result is thousands of acres of extended life of the shanks.

SPRINGTOOTH HARROWS with "INSTANT" TRANSPORTS 8 Ft. to 20 Ft.

STS and STR series have low profile design with heavier tooth mounting bars, longer wheel wells and PRE-SET DEPTH control. STR models have "C" shaped or ribbon teeth. STS models are equipped with spring tines.

2 BAR CHISEL PLOWS

The Brillion 2-bar Chisel Plow was designed for medium horsepower tractors in the 40-75 h.p. range. The frame accommodates either five or seven 1"x26"x28" shanks. Two types of ground working points are available: chisel points for fast, easy penetration and reduced draft or twisted shovels that roll the soil and mix it with field trash. Mounting is for Category II tractors, 3-point hitch or Quick Coupler, 5 or 7 shank.

3 BAR CHISEL PLOWS

The CPP series of mounted models enables you to turn short and fast... to transport easily, utilizing your tractor's hydraulic system, 7, 9, 11, 13, or 10, 12, 14, 16 shank.

M-MD PULVI-MULCHERS 7'4" To 15 Ft.

The Brillion Pulvi-Mulcher converts fall or spring plowing into clod-free, high yield seedbeds. Just flick the tractor hydraulic control, pulvi-mulcher lifts to transport wheels.

ML SERIES PULVI-MULCHERS 12'6", 13'10", 15'2", 18'9"

SERIES 03 - Built to last.

- Easy rolling 20" ductile iron notched or crowfoot roller wheels with a 5 year limited warranty.
- Longer life external mounted bearings.
- Longer, heavier drawbar for shorter turns.

There's lots more reasons to buy Brillion... stop in and we'll talk.

WL SERIES PULVI-MULCHERS 21'8", 25', 30'

SERIES 03 - Built to last.

- Easy rolling 20" ductile iron notched or crowfoot roller wheels with a 5 year limited warranty.
- Longer life external mounted bearings.
- Longer, heavier drawbar for shorter turns.

There's lots more reasons to buy Brillion...stop in and we'll talk.
