

New Milk Spokesperson At Farm Show

HARRISBURG (Dauphin Co.) — On Sunday, January 9, the Middle Atlantic Milk Marketing Association (MAMMA) will unveil its newest spokesperson at the Pennsylvania Farm Show in Harrisburg. He will join the ranks of baseball greats Mike Schmidt and Cal Ripken Jr., who have endorsed nature's most nearly perfect food — milk.

A tight shroud of secrecy has been clamped down around the ceremony. In a brief statement,

MAMMA officials would only say, "He's big, very big, and he drives, but not very well." MAMMA's new spokesperson is also renowned for his accomplishments on the baseball field.

Sources have discovered that the new milk celebrity's last known address is a location in south Philadelphia. When our source attempted to interview this new star, rather than talking he tried to stuff a bystander into his snout, then stepped on him with

his size 25 "EEEE" shoe. The bystander was not injured in the incident, but did say afterwards that he was feeling "a little of green."

Plans call for Pennsylvania's Governor Bob Casey and Secret-

ary of Agriculture Boyd Wolff to handle the official unveiling on Sunday. It will occur at booth 348 in the Main Exhibit Hall shortly after the official ceremonies marking the opening of the Farm Show.

The new 7000 Gas Range

The charm and beauty of the traditional range plus the latest features you'd expect from Heartland.

Poly Square Means Healthier Calves

All-Season

Big Foot 5'x7'6"

The Poly Square Big Foot is constructed of Opaque material to eliminate the solar effect. It blocks out sunheat-not sunlight. Poly Square's inverted ribs and 5'(W)x7'6"(L) make it the biggest unit on the market today and extremely wind resistant. It has no pop rivets which means no breaks or cracks for snow and rain to sift in. The unit weighs 100 pounds plus manger & buckets. And Poly Square Big Foot is large enough so your calf can lay in the center, away from cold walls in the winter. Use Poly Square with our side feed station and bottle holder which is perfect for use with a fence in a more traditional setting. **New Side Hay Feeder** — Made especially for Poly Square Big Foot, no other unit has this feature. Also has a center roof vent for better air movement.
