10 Yr. Warranty On All Chain

MODEL 120 CONVEY-N-FEED® END CHARGE FEEDER

Deep-trough, air borne 14 in. belt carries 27% more feed than a flat 16 in. belt. 105% more than a flat 12 in. belt. Also, because 46% of the belt rides over thin air - instead of sliding on metal surface there's less drag. Requires less HP, less energy, reduces wear on the belt. Belt returns conditions for reduced friction.
