Large front mounted step, platform and safety rail for easy filling of the tank. Clean water tank is standard.

Available With Hydraulic Fold Booms

ROTARY CULTIVATOR

Modern design for today's smaller H.P. tractors. Ideal tiller for large gardens, small acreage farms, orchards, nurseries, and vegetable growers. As with all Maschio tillers, these units feature superior quality and heavy duty construction.

MECHANICAL TRANSPLANTER MODEL 1000

For The Grower That Demands The "VERY FINEST"

The High Performance Model 1000

has increased planting speeds 20 to 30%.

OUR PATENTED FLOAT WHEEL DIRECT DRIVE

SYSTEM is the only one of its kind available. This ground driven float wheel moves straight up and down (5-6") at two flotation points. This patented double floating action maintains correct ground contact at all times for both the drive wheel and rear packing wheels letting the units float independently no matter how many rows. No weight of any hitch, toolbar, or water tank is resting on the drive wheel to compact the soil. The wheel just smooths, firms and ideally prepares the soil providing accurate plant placement, proper depth control, and positive spacings from 6" and up in all soil conditions.

Optional Non-Stick Shoes

Double Disc Poly Shoe

395RP Poly Shoe

Midwest Ind., Inc., Ida Grove, Iowa 51445

For fuel economy and better incorporation put a "Buster-Bar" on your chisel plow, disk, field cultivator or plow. The **NEW** design provides easy adjustment for working or transport positions. The 7/8" diameter teeth bust clods before they dry and harden. Mounted to wing section to fold with unit.
