The Best of the Best

The Wheeling 2 oz. Seal of Quality coating represents the best of the best in the Wheeling Corrugating line of premium galvanized roofing and siding. Every panel that carries the 2 ounce coating assures you are getting the toughest, the most durable, the most corrosion resistant galvanized sheet available in today's marketplace.

Genuine Old-Time Quality

Every Wheeling 2 oz. sheet is manufactured from heavy gauge steel, topped with an extra thick zinc coating, and formed into profiles that contribute strength and good looks. Build with a Wheeling 2 oz. sheet and you'll be working with the kind of durability and dependability that's been a standard in the industry for almost 100 years.

The Proof is in the Process

The performance behind the Wheeling 2 oz. Seal of Quality is possible because of Wheeling's patented Cook Norteman manufacturing process. This technology allows a more consistent quality product, and a more uniform coating with unsurpassed zinc adhesion. The process takes more handling and more time, but the end result is a super premium panel that has its own limited 20 year performance warranty.

Dimensions and Specifications

If your building plans call for roofing and siding materials with exceptional corrosion resistance, minimum upkeep and old time toughness you'll want to check the specs of Wheeling 2 oz. Seal of Quality galvanized.

Gauge	28
Lengths	Up to 40
Steel	Full hard 90 000 psi cold rolled Wheeling Pittsburgh carbon steel
