# Think of it as "an apple a day" for cows and calves

Experts say "preventive medicine" IS the future for the dairy industry... and dairymen across the country say the line of PROBIOS<sup>®</sup> brand Microbial Products is the best "preventive medicine" of today.

PROBIOS Products contain selected, viable cultures of naturally-occurring lactic acid-producing bacteria... micro-organisms known for their beneficial activity in the digestive tract of animals. These bacteria are essential for proper digestive tract function and lead to better performance.

Research and performance trials have shown that PROBIOS Microbial Products may:

- ◆ Stimulate appetite in freshening cows
- ◆ Reduce incidence of scours and associated treatment costs

Ask about PROBIOS Products and start a prevention program for pennies a day.

## Breathe Clean, Cool Powered Air

Combined respiratory, head, eye and face protection creates a personal mini-environment of clean air for you to work. You can do more work in less time because you take fewer breaks. By increasing productivity you

increase profit - not to mention comfort!

Use it for:

- Ragweed and other pollens in field mowing
- Making hay - especially round bales
- Combining
- Handling poultry
- Cleaning chicken houses

Similar products available to protect you in your orchard spraying and to control odor problems.
