

Tools Improve Application Accuracy

WHEATON Ill. — Because nozzle wear is often invisible to the naked eye, the makers of TeeJet® brand spray products introduce the TeeJet Pattern Check and Tip Tester, two easy-to-use tools to monitor spray uniformity.

The TeeJet Pattern Check helps ensure proper operation of spray equipment and a quality pattern from spray tips. By sliding the Pattern Check under a boom while spraying clean water, spray output along the boom is collected in the grooves of the portable spray table. Spray distribution is immediately apparent.

The Pattern Check makes it easy for applicators to determine if sprayers have been properly set up to produce the even distribution needed for safe, effective, and cost-efficient pest control.

Applicators can ensure that flow rates from each tip on the boom match by using the TeeJet Tip Tester, a hand-held flowmeter that helps identify worn spray tips quickly and easily. By simply placing the flowmeter cap over the nozzle, applicators can read the approximate flow rate in gallons per minute directly from a scale on the face of the Tip Tester. Each tester comes with a TeeJet nozzle cleaning brush in the built-in storage compartment.

The new TeeJet® Pattern Check makes it easy for applicators to see if sprayers are producing the even distribution needed for safe, effective, and cost-efficient pest control.

Simplified design for less maintenance.

There's no worse time for a breakdown than during harvest. That's why the Gleaner® is designed with the most advanced engine in the industry—the efficient air-cooled diesel. With air cooling there are no hoses, radiators, anti-freeze, gaskets, thermostats, or water pumps.

Maintenance is hassle-free.

Air cooling also provides maximum fuel efficiency, longer engine life, and lower operating costs. And, when you add in our state-of-the-art rotary threshing system and ComfortTECH™ cab, you have the most

efficient, productive harvesting system in farming today.

Plus, every Gleaner is backed by a strong AGCO warranty and service support. Check out the Gleaner Rotary Combine at your Deutz-Allis dealer listed here. And ask him about flexible AGCO financing.

Your Complete Headquarters For Sprayers And Parts

HEAVY DUTY SPRAYERS BUILT STRONG TO PERFORM TOUGH

- 200, 300 & 500 Gal Trailer Models
- 110, 150, 200 & 300 Gal. 3 Pt Hitch Models

FEATURES AVAILABLE:

- 30', 35' and 40' Booms
- 30' & 45' All Hydraulic Folding Boom
- Quick TeeJet No Drip Nozzles
- Independent Boom Suspension Eliminates All Boom Bouncing.

At Last! A Reliable, New Stainless Steel AG-CHEM FOAM MARKER

Reg. \$925.00 **SPECIAL \$830.00**

Each Foam Marker Contains:

- Mixing chamber for each boom.
- Electric harness for in-cab controls (on-off/left-right).
- Drop hoses for each boom
- Hose for boom lengths up to 47'

The Ag-Chem foam marker offers you efficient operation with a 12 volt compressor that draws only 9 amps. Independent left and right boom markers can be controlled from the cab for on-the-go operation. That lets you operate either boom marker for precise, economical foam placement. And best of all the Ag-Chem Foam Marker produces a dense foam within seconds of agitation, and has a dependable output that can be adjusted for volume.

Use with the new 80-to-1™ high concentrate foam.

TERRA-TRONICS I

Electronic Monitor Measures Working Acres And Ground Speed

- Easy-to-see digital readout
- Easy-to-operate touch sensitive keys
- Operates with any field implement requiring acre measurement - pulled, mounted, or self-propelled sprayers, combines, etc.

Reg. \$224.55

SPECIAL \$199.00

Handy Half Gallon AG FOAM

Reg. \$10.20 **SPECIAL \$9.25**

FOAM DYE For Higher Visibility Foam

SPECIAL \$12.50 Pint

Self-Priming Centrifugal PACER PUMPS

- 3 H.P. 'S' Series
- 1 1/2" Or 2" Ports

Reg. \$214.50

SPECIAL \$187.59

Full Line Of Hose And Couplings In Stock!

Features:

- Self-priming to 20 feet
- Total heads to 120 feet
- Capabilities to 200 U.S. GPM
- Built in check valve
- Equipped with 1 1/2" or 2" female threaded connections NPT

• 5 H.P. 'S' Series
2" Ports
Reg. \$260.00
SPECIAL \$227.50

• 5 H.P. 'S' Series
With I/C Briggs Engine
2" Ports
Reg. \$352.00
SPECIAL \$308.00

• 5 H.P. 'S' Series
With Honda Engine,
2" Ports
Reg. \$468.50
SPECIAL \$409.94
With Cage \$459.38

• 'S' Series Pedestal Pump Only 1 1/2" or 2" - Reg. \$136.00. **SPECIAL \$119.00**

Raven Tough Polyethylene Tanks

- SPRAYER TANKS - ALL SIZES AVAILABLE FROM
- STATIONARY TANKS For Liquid Fertilizer Storage
- 25 GAL. to 2500 GAL.

We Also Stock A Complete Line Of:
