Markers Optional

In Stock - 20x6  
- 24x6

There's nothing more important to a crop than early even emergence. To get it, you need accurate, even seeding.

The 5300 has earned a reputation for its seeding precision, a function of its exclusive feed cup design and dependable disk openers. And, to improve placement of seed, the opener drawbars are heavier than on previous models. Press wheel and opener bearings are heavier for long life operation.

Along with accuracy, the 5300 gives you fast, high capacity seeding, so you spend less time refilling hoppers. Grass seeding attachment for 16x7.

**Rubber Tracks Give You More Traction And Flotation For Faster Snow Removal**

**1840/1845C CASE RUBBER-TRACK SKID STEERS IN STOCK**

**Work when and where you need them**

**On more surfaces**  
Improved flotation lets Case rubber-track skid steers work on soils sand or gravel and even mud

**More comfortably**  
Rubber tracks provide a smooth ride with less bounce • also less chance of tire punctures

**More places**  
Excellent for working on dirt and concrete lots • rubber tracks cause less ground disturbance • can drive on bedded areas without sinking in

**More of the year**  
Work through wet muddy conditions typical in spring and fall

- Better traction
- Improved flotation
- Quiet operation
- Reduced surface damage
- Smoother ride
- Tire protection
