

**Deadline Nears
For Crop Loans**

LEESPORT (Berks Co.) — "Producers who are interested in obtaining a price support loan on 1993 wheat, oats, rye, barley or honey should do so before March

31," said Richard Troutman, chairman of the Berks County Agricultural Stabilization and Conservation Service (ASCS).

Loans on corn, grain sorghum, and soybeans are available through May 31, 1994.

County loan rates are

\$2.73/bushel for wheat, \$1.25/bushel for barley, \$1.92/bushel for corn, \$1.02/bushel for oats, \$2.96/CWT for grain sorghum, \$1.58/bushel for rye, and \$5.12/bushel for soybeans.

Many producers use the Com-

modity Credit Corporation (CCC) price support loan program to obtain interim operating capital.

"To be eligible for CCC price support loans, producers' farms must have been enrolled and in compliance with the applicable

annual acreage reduction programs," said the ASCS official.

Producers who are interested in obtaining a CCC price support loan should contact the local ASCS office before March 31 or May 31, as applicable.

POLY CALF HUTCH

These Poly Calf Hutches are designed to help you raise young calves. Each hutch is manufactured from an opaque material, which prevents them from overheating in summer use. The hutch can be used for summer or winter use. All hutches have a rear vent opening. The standard hutch is equipped with a feed door and ridge vents.
