**CONSIDER THE MANY ADVANTAGES OF CONCRETE**  
  
 This has been quite the winter, hasn't it? I think most of us are really looking forward to spring. In the meantime, we have to get through this ice, snow, and soon MUD! There's a lot of ground not frozen because of the snow cover, and if you must go over that ground to get to your stored feed, that will cause quite a struggle.  
 And, if the long range forecasters are right, another 6 years of severe winter weather means you will want to be better prepared to store and handle your valuable feeds.  
 "On most dairy farms, QUALITY FORAGE is the single most important factor affecting profit."  
 Our business has to do with "Protecting Your Forage Quality." Nobody protects forage quality like we do... Nobody!  
**MEMBER:**  
 Int. Silo Assn.  
 PA Forage and Grassland Council
