HER SOURCE FOR
BREWERS WET GRAINS**

Have You Considered Making BWG a Part of Your Herd's Program?

Brewers wet grains are an alternate part of many dairy rations in this area because they:

- Are very economical.
- Are concentrated and provide protein, energy and digestible fiber in a very efficient manner.
- Provide a significant quantity of bypass protein.
- Are an effective way to extend your forage when it is in short supply.
- Enhance the nutritional content of poor quality forage.
- Are flexible . . . can be used with McNess vitamin and mineral premixes in either grain mixes or TMR's (total mixed rations).

Brewers wet grains from Miracle/McNess also offer you the bonus of free ration balancing. We can test your forage and balance your feedstuffs to get the most out of your program. Just call toll-free 800-888-0230.
