MULTIPLY YOUR EFFICIENCY

Kubota's B-Series compact diesel tractors have so many uses they'll actually multiply your efficiency around the homestead or farm.

On the B-50 Series, choose from 14-20 PTO horsepower tractors, all with standard mid and rear PTO. Put a sturdy 2 wheel drive model to work, or select a 4 wheel drive model with Kubota's optional, revolutionary Bi-Speed turn. Hydrostatic transmission is also available to save you footwork and time.

From home use to commercial applications, the B7100 HST 16 HP tractor is just right for all kinds of jobs. This tractor comes with hydrostatic transmission - that means there is no gear shift. And, the B7100 4WD compact tractor is powered by a Kubota liquid-cooled diesel engine.

See your neighborhood Kubota dealer today, and let them show you how a Kubota B-Series tractor can multiply your efficiency.

Kubota Tractor Corporation markets a full line of tractors through a nationwide network of over 1,000 dealers.
