Attention Fishermen:

Wouldn't it be nice to catch fish nearly every time you go fishing? Susquehanna Aquacultures, Inc. can help turn your fishing into catching by stocking your favorite fishing hole with one of the best fighting and eating game fish - Hybrid Striped Bass. Susquehanna raises hybrid stripers at its fish farm on Brunner Island, near York Haven, Pa., and specializes in stocking catchable size stripers, available from 12" on up. Why wait all Summer until fingerlings grow up before you can catch them? Stock big fish now, and catch trophy size fish in the Fall!

Susquehanna Aquacultures, Inc. is also a licensed dealer or tripliod grass carp (white amur), a fish that eats aquatic plants. If you have a weed problem in your pond, these fish could be your answer. Special regulations effect all grass carp stockings, so be sure you have the right approvals from the Pa. Fish and Boat Commission before purchasing any grass carp.

To set a date for changing your fishing into catching call us at 717-266-4577, or fax to 266-0611, or write to Susquehanna Aquacultures, Inc., P.O. Box 306, York Haven, Pa. 17370.

Good Luck Fishin'
