"IT IS TIME TO ONCE AGAIN GET SERIOUS ABOUT STORING YOUR VALUABLE FEEDS!!!"

The recent "innovations" and tempo-
rary methods of storing your grains and
forages are just not protecting your
feeds like they should, nor are they
really efficient.

Research and practical experience
has shown that "the tower silo has never
been equalled in its ability to protect
your forage quality." And remem-
ber..." on most dairy farms, forage
quality is the single most important
factor affecting profit."

Contact us soon to be sure you get on
our schedule to have your poured con-
crete tower silo constructed in time!

No used silos!
No rebuilt silos!
No pre-owned silos!
All New For You!
