Historic Building

1 1/2 Story 18'x22' was original Mt. Wolf, Pa. Post Office built around 1840, was moved to Manchester in 1903 and served as a storehouse for Schrolls Store on the square.

Wood frame structure with clapboard siding and slate roof, believed to have been new siding and roof in 1903.

This building was very carefully dismantled, each shingle nail pulled and hand passed and sticked for transport, all nails were pulled from every board and beam. All material has been stored under roof since 1988, when it was moved.

At the time of dismantling this building and another building with same roof and siding material 10'x14' was also removed and is the same as this, thus there will be many more than adequate slate shingles, siding, and framing to replace any bad material.

Set of pictures of exterior and interior before dismantling will assist in rebuilding. All material in good condition.

Also have a foundation print and layout - can connect you with Amish crew that dismantled to help erect.

Ready to be loaded and transported — will take 2 large trucks on trailers to haul. Perfect match for old farm setting to stand alone or attach to an old house, many possibilities.

Complete well preserved package
