The Best Vertical Mixer Available
 Manufactured in the U.S.A. by Art's-Way Manufacturing Co., Inc.

The SupraMix vertical tub mixer actually eliminates a process and machine when mixing baled hay with other ingredients such as silage, grain or supplements. With its unique cutting and mixing capabilities, the SupraMix does not strip valuable protein from your hay.

**JOHN DEERE BALERS DELIVER
 CONSISTENCY, CONSISTENTLY**

Building "square-er," stackable, solid bales is what our proven hay control system is all about.

Once hay is inside the baler, a continuous-flow, floating auger moves the crop into a tapered chamber... precompressing the hay before it reaches the bale chamber. This makes John Deere bales denser, and more consistent. A difference you'll notice when stacking and feeding bales after John Deere bales.

Model 338 Mid Size Baler
 With 1/4 Turn Chute
