J&D Manufacturing SUPREME CALF HUTCH
J&D MOLDED HIGH DENSITY-POLYETHYLENE CALF HUTCH
J&D Calf Hutches will keep calves drier in the winter, they will stay warmer and start eating at an earlier age. During the warm summer months you can use the standard, adjustable air vent to control the climate in the Calf Hutch. Your calves will be healthier and will grow faster. You may add an out door fence area to the hut.
Calf Hutch comes with Pail holder, 2 pails & bottle holder!
Barnstormer Fans In Stock - 24" & 36"

And...
MUELLER DAIRY FARM EQUIPMENT

Offer **Scroll-Compressor Technology**
New in 1994
You may pay less for some dairy farm equipment... but it can cost you more!
Pumping in cost is not the only cost of cooling milk.

In the long run, total operating costs of a Mueller' milk-cooling system are generally substantially less than those of "bargain-brand" milk-cooling equipment.

Example	Mueller	Competition
Cost of equipment	\$31,000	\$28,000
Cost of electricity @ .08 kW for 12,000 lbs milk/day for 10 years	\$17,550	\$22,850
Total operating cost for ten years	\$48,550	\$50,850
Savings	\$ 2,400
