

Maryland DHIA Report For May

The May 1994 Dairy Herd Improvement information for dairy herds from the DHI processing center in Provo, Utah. The list includes herds from Maryland, Pennsylvania, and West Virginia. The information is listed by herd name, county association, number of cows in the herd and the average production per cow in the herd. To be included, the herd must have 10 cows averaging 65 pounds or more of 3.5 percent fat corrected milk per cow, per day. All herds reported are on official DHI or DHIR test.

Also listed are the top 10 herds in Maryland for the Brown Swiss, Guernseys, and Jerseys, and the top eight herds for Ayrshires.

Dairy Goat Show

ALLENTOWN (Lehigh Co.) — The Delaware Valley Milk Goat Association will be holding its annual Dairy Goat Show on Saturday, July 2 at the Allentown Fairgrounds. The show starts at 8:30 a.m.

There will be a food booth throughout the day as well as a raffle table with items donated by dairy goat enthusiasts and local businesses.

The general public is invited to come and see some of the finest dairy goats on the east coast. For more information, contact Kathy Morgan, publicity chairman, (610) 326-9475.
