Get A Super Deal!

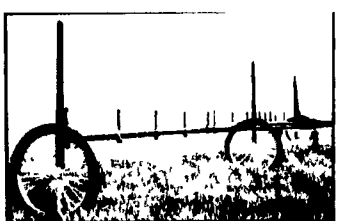

Rhino disc mowers feature an easy access cutterbar. The innovative design of the cutterbar allows access to the disc spindle shaft and gear module without disassembly of the entire cutterbar, reducing maintenance costs and downtime. The hardened rock guards are designed to help protect the entire leading edge of the cutterbar from damage and, along with the skid shoes, are easily replaceable. A heavy-duty CAT III & Cat II offset three-point hitch made of 4"x6" thick wall tubing is standard to provide dependable service. A safety breakaway system is built in to provide mainframe protection against sudden impacts when mowing. With 5' of blade overlap and blade tip speed of 15,814 FPM, Rhino disc mowers provide a clean, smooth cut. Rugged construction and high performance are two reasons Rhine disc mowers are the ideal choice for fast, efficient grass mowing.

BUMPER TRAILER & PINTLE HOOKUP TRAILERS

JUNE PART DEPT SPECIAL DICKY-John HARVEST-HAND Portable Grain Moisture Tester

Harvest-Hand measures the moisture content of your grain automatically. It weighs the sample and automatically compensates for grain temperature. Just turn the unit ON, select the desired grain, and slowly pour your grain into the test cell. The measurement cycle begins automatically when the proper weight of grain has entered the cell. Read the direct temperature-compensated moisture content when display stops flashing.

Direct readings for these 12 grains:

- corn
- soybeans
- wheat
- milo
- oats
- barley
- sunflowers
- canola
- rice
- popcorn
- millet
- rye

Sale Price \$197.50
