ENERGY EFFICIENCY AND LONGER LIFE

Earth Light Collection lamps pay for themselves many times over by providing significant savings on energy, maintenance and replacement. AIRSTREAM VENTILATION CONTROLS
A.T. NEWELL
...operates curtains on cable system by winching cable around a grooved drum controlled by a thermostat and time clock.
The model AC506S version uses a sprocket and chain drive (instead of drum) that turns a pipe running the length of the building to pull the curtain or door drop cords directly around the pipe eliminating need for cable (operates same as AC506).
