BIGGER BALES. WITHOUT A BIGGER TRACTOR.

Now's The Time To Buy!

 For Company Programs,
 Financing And
 Warranty Information

When we designed the 540, we knew you wanted a higher capacity round baler with versatility and convenience. We also knew you liked your tractor.

Truth is, you can keep your present tractor. Because with the 540 attached, all you need is a minimum 45 PTO hp tractor. We built the 540 with all the features of a large baler but in a compact, low-profile design. The direct-feed, open-throat design makes for fast bale starts and easy operation, and the variable chamber makes bales from 30" to 51".

You'll be able to handle a wide variety of crops with great maneuverability. All with your current tractor.

So stop in at your AGCO/Hesston dealer listed here and ask about our flexible financing plans for the 540. Or our wide selection of other equipment, all backed by the AGCO Warranty Program. Hesston. It'll change the way you look at hay fields forever.
