

Ida's Notebook

Ida Risser

There are so many little things to do around our place that I do not get time to start any big jobs. For one thing the weeds sprout up everywhere. When it is dry

then by gardens look nice, but when it rains then I must start all over again with my trusty hoe. This year our watermelon and cantaloupe plants look very nice

and are setting fruit. The peanuts are growing fine in a short row and I've never seen so many nasturtium flowers on plants.

My husband's rose bed needs attention as thistles continually spring up through the mulch. Then too I should replant more of my houseplants but they will wait until I get other things done — like wash a bunch of dirty work clothes. And, I find that sorting papers and letters is very time consuming.

As if I didn't have enough to do with picking raspberries now that the strawberries are over, we decided to go to an orchard and pick cherries. We found the low trees easy to pick and bought over 50 pounds which translated into 30 quarts that I preserved.

Our son, Philip, has a birthday soon and I've invited him and his family for dinner. Instead of a birthday cake, I expect to make a big cherry pie. He and our grandson are good eaters and I enjoy cooking for someone who empties their plate. For some reason our grandson has always liked my

mashed potatoes so I think that I will make a bowlful to go with the roasted chicken. As it was quite dry my pea crop was short but I have enough left for a meal. Another favorite food is corn on the cob and I did freeze quite a bit last year. Cooking is just something else to keep me busy.

MILK. IT DOES A BODY GOOD.™

A ROTARY CUTTER FOR THE LARGEST CUTTING JOBS.

Especially recommended for medium duty mowing on large acreages, Bush Hog's 2620 Series Rotary Cutter gives you a full 20-foot cut... and blades overlap 6-inches to assure a clean, uniform job. Wings flex from 90° up to 22° down during operation, so work on uneven terrain is no problem. Spring-loaded axle assemblies provide shock absorption at each axle arm for added protection in rough cutting conditions.

Features include 540 or 1000 rpm heavy duty gearboxes, level lifting of center and wing units and a choice of round or straight blade holders.

BUSH HOG®

Building the Legend.

NOT ALL FIELDS ARE PERFECTLY FLAT.

That's why the Bush Hog® model 2615 15-foot cutter's wings are designed to float along contours as severe as 90 degrees up or 22 degrees down while shredding stalks, clipping pastures or cutting along rights-of-ways, drainage ditches, terraces and fence rows. As it does so, an automatic height adjustment keeps the wings cutting at the same height as the center section. A framing system featuring closed box members allows us to make the 2615 pounds lighter without sacrificing any of the strength you've come to expect from a Bush Hog. And, less weight not only means less wear and tear on your tractor but it has also allowed us to cut the price.

Why pay more to get less — make a Bush Hog's success your success.

BUSH HOG®
2615 Cutter

FOR PASTURES, FOR ROADSIDES, FOR STALKS... HERE'S THE ROTARY CUTTER YOU NEED.

Bush Hog's medium duty 270 Series Rotary Cutters are excellent tools for the widest variety of land maintenance chores. And they're built tough, built to withstand rugged cutting in material up to 2-inches thick. Decks are 10 gauge steel, continuous welded and braced at all stress points.

Select from three models, in cutting widths of 5, 6 or 7-feet. A three-point hitch is standard, and for the 7-foot model an economical semi-mount hitch is available. Round bladeholders and laminated wheels are also standard on all models.

Come in today and learn more about Bush Hog's 270 Series Rotary Cutters.

AFFORDABLE.

The Bush Hog Razorback gives you plenty of performance — plus features for fast and better rotary cutting. Like a full 5-foot cutting width and a cutting capacity up to 1-inch diameter. Like the protection of a shear pin and oval blade pan as standard equipment. Like 11-ga. steel construction and a tapered rear deck for faster discharge. The Razorback is ideal for use with 18-30 HP tractors... and it's ideal for your pocketbook — because it's plenty affordable.

WHY BUSH HOG SQUEALERS MOW DOWN THE COMPETITION.

There are two basic reasons and quality is the first. Each Squealer model is equipped with Bush Hog's tough gearbox that carries a 2-year warranty. All models, except the 42-inch wide cutter feature oval blade pans, and the 60 and 72-inch wide models have an "in-line" shear bolt with ball bearing protection that can be replaced in a snap. An optional slip clutch is available.

The second reason for the Squealer's popularity is price. Select any of 5 models, 42 to 84-inches wide, and compare prices with the competition. With a true price/quality comparison, it's easy to see why Squealers mow down the competition.
