A LOAD OF MIRACLE BREWERS WET GRAINS . . . LOADS MORE MILK

Have you considered brewers wet grains to give your herd's production a boost? Brewers wet grains from Miracle Feeds are an excellent protein and energy source. They can readily make up to 20-30% of the ration's dry matter. Combined with McNess vitamin and minerals they can provide a very efficient rumen bypass way to feed.

Researchers estimate that between 45-55% of brewers wet grains' protein escapes rumen degradation compared to only 25-30% for soybean meal. This bypass protein is more efficiently digested and absorbed in the cow's small intestine.

For more information on the use of brewers wet grains and other by-products, plus McNess premixes, call toll-free 800-888-0230.
