Chore-Time's New Dropping Board Cage System - Durako

DURAKO DBS 4 - HIGH (UNI-BACK)

From Lancaster take Rt. 283 West to Rt. 722 East towards East Petersburg turn left on North Colebrook Road Go approx. 3 miles to farm on right.

These houses were designed by the Nolls, R.W. Sauder, King Construction, and Northeast Agri Systems with the following priorities:

- Highest quality eggs
- Maximum achievable flock performance
- Lowest maintenance
- Reliability and Longevity

Based upon these goals the Nolls selected these 10 special features:

1. Chore-Time's New Durako dropping board cage layer system.
2. 16" wide by 20" deep - 6 bird cage for optimal performance.
3. Chore-Time's New two piece cage - over 10% heavier.
4. New Diamond 100 case per hour farmpackers with flats stackers.
5. Chore-Time *Turbo* air inletting installed over each cage row.
6. Chore-Time's Next Generation feed bin with safety cage.
7. Chore-Time's reliable Weighmatic electronic bin scale system.
8. Fancor computerized ventilation control system.
9. Lubing Combi nipples installed on stands with New sealed float tanks.
10. Chore-Time's Ultraflo II high speed computerized feeding system.

Don't miss this opportunity to see 2 New high rise layer houses, 1 completed and 1 under construction, containing many new features.

Representatives will be on hand to answer your questions.
