Take Advantage Of The

# Friction Eliminator

Preventative Maintenance Motor Care Products!

Use IXL In:

- Gas & Diesel Engines
- Motors
- Gear Boxes
- Transfer Cases
- Steering Units
- Universal & CV Joints
- Hydraulic Systems
- Bearings, All Types
- Conveyor Systems
- A/C & Refrigeration Systems
- Transmissions
- Wheel Bearings
- Compressors

COMPLETE  
PRODUCT LINE:

- IXL Friction Eliminator
- XL 240 Penetrating Oil Spray
- OGC 600 Open Gear & Chain Lube
- A 680 Cutting & Tapping Formula
- Diesel Fuel Conditioner Concentrate
- Super Gas Conditioner Concentrate

## IXL Technology Is New, Different & Better

IXL is the result of years of research and development in chemistry and metallurgy. This terrific new formulation was used to create IXL, allowing it to enhance regular oil, high grade oil, and even synthetic oil, to create a remarkable breakthrough in lubrication. Unlike other additives and lubricants, IXL treats the metal in your vehicle, not the oil, as opposed to coating the surface with particulates (Teflon). IXL does NOT contain graphite, moly or Teflon, it is nonflammable, biodegradable and nontoxic.

**CRITICAL LUBRICATION POINTS WHERE METAL-TO-METAL CONTACT CAN OCCUR**

**ENGINE:**

IXL effectively eliminates Friction - giving increased gas mileage.  
• Protects during cold starts when other motor oils are ineffective.  
• Increases the drive-train life of your car - by dramatically reducing wear and tear on the moving components.  
• Environmentally friendly.

**AUTOMATIC TRANSMISSION:**

IXL protects seals. Reduces Friction in bearings and gears resulting in extended transmission life.

**MANUAL TRANSMISSION:**

IXL reduces Friction between gears and synchronizers resulting in smoother operating, better shifting with overall protection.

**POWER STEERING:**

IXL reduces Friction in pump, gearbox and rack. Resulting in smoother operating with less energy expired. Also protects rack and pinion from developing hard spots.

**REAR END & DIFFERENTIAL:**

By introducing IXL to the Rear End and Differential you protect the ring and pinion plus all gears and bearings that normally fail due to wear. One also has the addition of fuel economy because less Friction means greater gas mileage.

**AIR-CONDITIONING:**

By adding 1 ounce of IXL to the air-conditioning unit results in smoother operating, less energy expired and eliminates noise and chattering.
