"IT IS TIME TO ONCE AGAIN GET SERIOUS ABOUT STORING YOUR VALUABLE FEEDS!!!"

The recent "innovations" and temporary methods of storing your grains and forages are just not protecting your feeds like they should, nor are they really efficient.

Research and practical experience has shown that "the tower silo has never been equalled in its ability to protect your forage quality." And remember... on most dairy farms, forage quality is the single most important factor affecting profit.

Contact us soon to be sure you get on our schedule to have your poured concrete tower silo constructed in time!

"This is the kind of silo you need to protect your valuable feed."
