Hesston Model 4550 - 14" x 18" Square Baler

The economical Model 4550 is Hesston's new entry in the square bale market. Thanks to the exclusive "Centerline Design," this new baler builds the straightest, squarest bales possible. And since it employs Hesston's preformed flake concept, leaves are saved and uniformly distributed throughout the bale.

The low profile pickup sweeps windrows clean with less disturbance of the crop and the low profile of the 4550 gives the operator excellent visibility.

The optional hydraulic powered bale thrower saves time and labor. You control direction and distance from the tractor seat so your trailer can be filled side-to-side and front-to-rear. Bales can also be dropped without detaching thrower.

The model 4550 is brought to you by Hesston. See it at your dealer now!

1 Unit Only - At A Price You Can't Refuse!
