**A LESSON WELL LEARNED... LANCASTER FARMING'S CLASSIFIED ADS GET RESULTS!**

**TRI COUNTY**

Confinement Systems, Inc.

**SWINE CONFINEMENT EQUIPMENT and FACILITIES LEADER**

**PIG SAVER "DUTCH CRATE"**  
Developed through testing in our research farms the goal was to develop a crate that nearly eliminates crushing, due to lay ons, unmatched durability and be easy to work around. All this has been achieved by a unique gravity fliprail that forces sows to lie down slowly and using stainless steel for rear doors and legs, proven horizontal and solid steel rod construction. All this at a reasonable cost. Crate also can be installed on an angle.

300 Sow Farrow - Feeder Pig Unit

**CONFINEMENT STALLS**  
Developed in our R&D farm. Our goals were convenience, safety and durability. The low back and flat top rails are easy to reach over with no sharp edges. Stainless steel rear legs and front feet along with solid steel horizontal rods through punched uprights provide the strongest, most durable stall ever produced by Tri-County (21"-24" O.C. x86")

1200 Sow Farrow-Feeder Pig Unit

2800 HP Offsite Nursery (7 Rooms)  
(Pull Plug, Preferred Ceiling Ventilated)

**NURSERY PENNING**  
Nursery penning has been improved by the use of an optional solid stainless steel panel on the front gates which keeps walkways clean. Stainless steel feet on penning eliminate corrosion where penning attaches to the floor. Stainless steel drinker pipes & mounting brackets also increase durability.

**FINISHING PENNING**  
Standard stainless steel feet and fasteners offer improved durability over other similar types of penning. Loop and flapper latch arrangement eliminates the use of drop pins. Stainless steel fence line feeders provide excellent durability and a minimum of waste.

2000 Head Finisher (2 Rooms)  
(Deep Pit, Tunnel Ventilated)
