Want to increase production, butterfat and profits?

Here's what farmers are saying about Fertrell's Rumi-cult 40, a bacterial aid fortified with electrolytes, vitamins, amino acids, and blood builders specially formulated for high producing cows under stress.

"Previous digestive problems are what prompted us to try Fertrell's Rumi-cult. The rumi-cult solved the problems! We then joined the Fertrell feeding program and have had no serious vet problems since. This program has been more profitable than any other we've been on."

"We starting using Fertrell's Rumi-Cult 40 in June of 1987 and have been very happy with the results. Their knowledge about nutrition has helped us immensely. I appreciate the honest straightforward approach to helping us increase and maintain our butterfat. We place a great deal of trust in the knowledge of their nutritionist Dave Mattocks."
