## LR SERIES Landscape Rakes

New for 1994

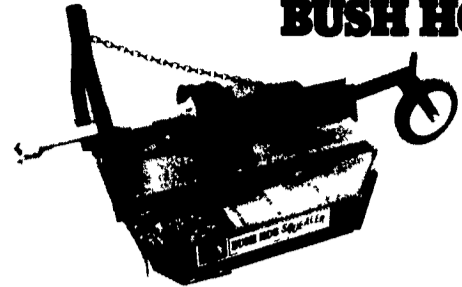

Here's your best choice in dependable tool that's ideal for seedbed preparation, landscaping, spreading gravel or topsoil and removing rocks and debris from fields and farmyards. Bush Hog's Landscape rakes are recommended for tractors with a maximum 35 HP, and are available in 5, 6 or 7-foot widths. High carbon spring steel tines are spaced at 1" intervals, for more thorough leveling or rock removal. These rakes pivot a full 360 degrees, a feature that assures a more versatile operation. And the pivot pin is 1-1/4" solid steel for greater durability.

## Why Bush Hog Squealers Mow down The Competition

**BUSH HOG**

There are two basic reasons and quality is the first. Each Squealer model is equipped with Bush Hog's tough gearbox that carries a 2-year warranty. All models, except the 42-inch wide cutter feature oval blade pans, and the 60 and 72-inch wide models have an "in-line" shear bolt with ball bearing protection that can be replaced in a snap. An optional slip clutch is available. The second reason for the Squealer's popularity is price. Select any of 5 models, 42 to 84-inches wide, and compare prices with the competition. With a true price/quality comparison, it's easy to see why Squealers mow down the competition.

## Not All Fields Are Perfectly Flat

That's why the Bush Hog® model 2615 15-foot cutter's wings are designed to float along contours as severe as 90 degrees up or 22 degrees down while shredding stalks, clipping pastures or cutting along rights-of-ways, drainage ditches, terraces and fence rows. As it does so, an automatic height adjustment keeps the wings cutting at the same height as the center section. A framing system featuring closed box members allows us to make the 2615 pounds lighter without sacrificing any of the strength you've come to expect from a Bush Hog. And, less weight not only means less wear and tear on your tractor but it has also allowed us to cut the price.

Why pay more to get less - make a Bush Hog's success your success.

## For Two And Four-Wheel Drive Tractor With 60 to 90 PTO Horsepower

**BUSH HOG**

With a lifting height of 11 1/2-feet, this is the ideal loader for such farm chores as cleaning around barns, feed lots and corrals... for handling manure... lifting grain and large round bales.

Attachments for the 2840 QT include quick attachment systems, bale spears and fork lifts. Bucket selections include regular duty 60, 72 and 80-inch sizes as well as heavy duty 60 and 72-inch buckets. When teeth are added to the 60 or 72-inch buckets, they make excellent tools for manure handling.

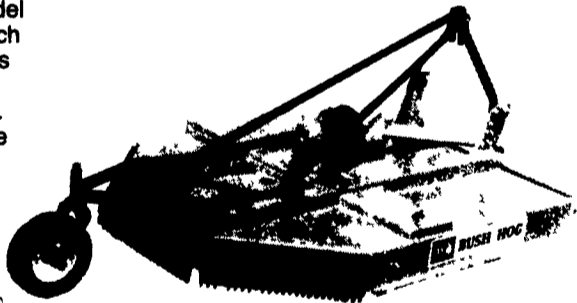

A single or dual lever remote valve is optional, or tractor hydraulics may be used. A bucket leveling indicator is standard equipment.

## For Pastures, For Roadsides, For Stalks... Here's The Rotary Cutter You Need.

Bush Hog's medium duty 270 Series Rotary Cutters are excellent tools for the widest variety of land maintenance chores. And they're built tough, built to withstand rugged cutting in material up to 2-inches thick. Decks are 10 gauge steel, continuous welded and braced at all stress points.

Select from three models, in cutting widths of 5, 6, or 7-feet. A three-point hitch is standard, and for the 7-foot model and economical semi-mount hitch is available. Round bladeholders and laminated wheels are also standard on all models.

Come in today and learn more about Bush Hog's 270 Series Rotary Cutters.
