

FFA Leadership Conference Offers Personal Growth, Fun

VERNON ACHENBACH JR.
Lancaster Farming Staff
DOYLESTOWN (Bucks Co.) — The second annual Eastern Pennsylvania FFA Leadership Conference was held recently at Delaware Valley College to provide an opportunity for the state's FFA members to develop personal leadership skills in a three-day

intensive session. About 50 FFA members, state officers and chapter advisors attended the conference, engaging in a number of activities, ranging from classroom discussions on topics as public relations, teamwork, officer responsibilities and duties, and relationships, to out-

(Turn to Page B25)

Jason Reifsnyder, past vice president, who attended the Eastern Pa. FFA Leadership Conference in its first year, gives a motivational speech to the participant-students of the 1994 conference.

At the end of the conference, a picnic provides an opportunity to get outside, socialize and review the lessons learned.

This team of FFA members tries to achieve a state of balance on a teeter-totter.

AGCO ALLIS 6600 SERIES TRACTORS

OPERATOR FRIENDLY

The AGCO Allis 6600 Series row crop tractors are engineered to put you comfortably in control. In addition to a comfortable cab or a platform and ROPS, you get low maintenance, low operating costs and a 4-year/4,000-hour warranty.

- **Trouble-free, air- and oil-cooled engine.** The 6600 Series tractors are equipped with low-maintenance, 4-cylinder, air- and oil-cooled diesel engines. The 6670 provides 63 PTO hp and the 6680 73 PTO hp, both with 22% torque rise. The 6690 has a turbocharged 81 PTO hp engine that delivers a 28% torque rise, as well as the best fuel economy in its class.

- **Many speed choices.** The synchropower transmission with a separate synchro-reverser offers 12 forward and 12 reverse speeds, planetary final drive and a self-adjusting, hydraulically-actuated clutch. An optional creeper transmission provides 16 forward and 16 reverse speeds; a dual speed option has 24 forward and 12 reverse and a power Hi-Lo transmission provides 30 forward and 30 reverse speeds. All tractor models are available as either 2WD or AWD.

- **PTO power and versatility.** The independent PTO operates at 540/1,000 rpm with 6- and 21-spline shafts and has a hydraulically-actuated wet PTO clutch. The Category II/I 3-point hitch has a convenient rear remote control and is equipped with telescopic stabilizers. Optional telescopic lower links are also available.

- **Quality performance and comfort.** The 6600 Series tractors ride on premium Goodyear® radial tires. They have hydrostatic power steering, a tilt-telescopic steering wheel, hydraulically-actuated wet disc brakes and a mechanically-actuated differential lock. AWD models have four-wheel brakes for 40% better braking and an operator controlled front differential lock for tighter turns. All operated from the comfort of the enclosed cab.

To experience the user-friendliness of the 6600 Series tractors, or any of the "orange" line of AGCO Allis tractors ranging from 40 to 128 PTO hp, stop by or call us soon.
